

## ThumbNet Volunteer Danny Hovanec Presents & Graduates!

As you will recall, Danny is our ThumbNet volunteer from Pennsylvania, USA. For Danny, this past year has been a busy one! Not only did he take on take on the ThumbNet project (while making it the focus of his Senior Project), he

-  juggled five AP classes;
-  maintained a higher-than-4.0 gpa;
-  is a member of the National Honor Society;
-  is a member of the production crew for staged events at his school;
-  is a member of the Jazz Band and Percussion Ensemble;
-  is a volunteer weather spotter for NOAA;
-  is a member of the Blade Runners Adult Hockey League, and
-  is the recipient of two scholarships totaling \$4500.

His senior project presentation of ThumbNet went off without a hitch, and at the Senior Awards Night he received an Economics Award and Technical Theater Award! For all that he has achieved so far, his mother says he remains unfazed and is ready for his next step: Embry-Riddle Aeronautical University.

ThumbSat would like to congratulate Danny on his success and thank him for his continued support of ThumbNet during such a busy time!
